### Description

Pure black mascara **also ideal for sensitive eyes.**

#### **Volumizes, lengthens and separates the lashes.**

The skillful balance of plant and organic ingredients, nutritious and protective, gives body and **volume to your eyelashes**, intensifying its structure.

The particular three-dimensional brush with multiple facets lengthens and **shape the lashes** avoiding that they stick together.

#### Side A: **Volumize**

Thanks to the dense, long and intertwined bristles, **the lashes appear visibly thicker.**

#### Side B: **Length**

By rotating the brush, the side with short bristles deposits a greater quantity of product on the tip of the lashes, making them **longer.**

#### Side C: **Definition**

On this side the bottle brush is equipped with a small comb which helps to maintain the **well separated eyelashes**, even after various applications, avoiding the formation of lumps and the unpleasant grouping of the eyelashes.
