Main Assets

BARLEY WATER: Barley is a plant rich in chlorophyll, vitamins C, antioxidants and minerals. Distilled barley water has great softening and soothing properties on the scalp and has a moisturizing and strengthening action on the hair.

RICE PROTEIN: Rice proteins, in addition to adding volume, limit the dehydration of the hair and preserve its natural shine.

VENERE RICE WATER: Thanks to the anthocyanins naturally present in this variety of rice, it helps to counteract cellular aging by carrying out an antioxidant and protective action. Enhances the moisturizing action of rice proteins.

SHEA BUTTER: Rich in fatty acids, phytosterols, vitamin A and vitamin E, it has emollient, antioxidant, soothing, nourishing and moisturizing properties. It is used on the hair mainly for its protective and nourishing properties.

AVOCADO OIL: Avocado oil contains antioxidant elements that help fight free radicals such as vitamins A, E and D and unsaturated fatty acids. Ideal for the care of dry and chapped skin and for the treatment of hair to which it restores vitality and hydration. It gives the hair its natural balance and maintains its elasticity.

EMULSIFIERS DERIVED FROM BRASSICA: Acts as emulsion stabilizers. They boast emollient, antistatic and conditioning properties.
