Description

MOISTURIZE

PREVENT

PURIFY

Treatment with Vitamin C concentrated in drops.

Has an **intensive and antioxidant, uniforming and illuminating action**.

The formulation effectiveness is guaranteed by the presence of **Ascorbyl glucoside**, a stabilized form of water-soluble vitamin C, much more resistant to degradation and environmentally sustainable. **This precious ingredient is able to penetrate the deepest layers of the skin to act at 360° against the signs of aging.**

It contains **gluconolactone**, an organic acid belonging to the category of polyhydroxyacids. Its delicate exfoliating action promotes **cell renewal, modulating the keratinization process**.

Enriched with **aloe juice and organic orange blossom water**, improves skin texture and revitalizes the complexion.

Gives a **boost of freshness and luminosity** even to the dullest skin.

Ideal for dull, stressed, atonic skin, with irregular texture, dyschromia and skin hyperpigmentation (sun spots, melasma, chloasma, etc.).
