Description

MOISTURIZE

Special cream for the purifying treatment.

Suitable for oily, impure skin, with blackheads, dilated pores and prone to acne.

It has a soothing, mattifying and sebum-normalizing power thanks to the burdock extract and rice starch.

Furthermore, the precious presence of prebiotic and probiotic rebalancing ingredients keeps the skin hydrated, fresh and luminous all day long.

Preservative and Silicone Free - Nickel Tested - Vegan ok.

95% NATURAL INGREDIENTS

Main Assets

PURIFYING AND MATIFYING BLEND

Specially studied and balanced, composed of active ingredients and functional powders that allow to normalize combination, oily skin by counteracting excess sebum.

NIACINAMIDE

Also called vitamin B3, improves the barrier function of the skin, acts positively on the condition of the skin by reducing redness. stimulates collagen synthesis and microcirculation.

BURDARD ROOT EXTRACT

Contains inulin, glucose polysaccharides, resins, tannins, minerals, proteins and sterols. Thanks to its components, this extract is active against skin inflammation and irritation. It also acts as a skin regulator for acne-prone and oily skin.

RICE STARCH

Natural absorbent powder that gives the skin a pleasant refreshing and dry effect. It is useful as a remedy for excessive sebaceous secretion.

SILICA

Absorbent mineral powder, which gives the skin a velvety and silky touch. It reduces the greasiness of the skin, giving it a visible soft-focus effect.

SOOTHING MOISTURIZING BLEND

Mixture of active substances, effective in increasing the hydration and softening of combination and sensitive skin. It makes up our NMF (skin hydration factor).

AFTER TAXIUM GLYCYRRHIZATE

Salt obtained from licorice root. The molecule is endowed with anti-inflammatory and soothing activity, It has anti-inflammatory, healing and anti-allergic properties.

SODIUM PCA

Natural humectant molecule derived from the amino acid proline. It is particularly abundant in the skin and is a component of NMF (Natural Moisturizing Factor). This active helps the skin to maintain a fresh and hydrated appearance.

UREA

Molecule that is part of the NMF (protective hydro-lipidic film of the skin) and is able to increase the hydration of the stratum corneum by 100%, both for the osmotic effect due to its molecular weight, and for the ability to solubilize skin proteins insoluble.

PANTHENOL

It is the precursor of vitamin B5. It has the function of deeply moisturizing the skin and stimulating epithelialization. It also has an anti-inflammatory effect, it is useful in preventing sunburn and cold sores. It also accelerates the healing of small wounds,

RICE BRAN OIL

Possesses a great emollient, moisturizing and smoothing power, Its composition which contains oleic, linoleic, palmitic acid and vitamin E, makes it an oil particularly suitable for fighting skin aging, Helps to promote tanning, protects from UVA rays and counteracts the formation of free radicals. antioxidants.

PREBIOTIC AND MOISTURIZING SUGAR BLEND

Mixture of carefully balanced polysaccharides to ensure a moisturizing and osmoprotective activity composed of betaine, inulin and alpha glucan. They act as prebiotics to keep the skin microbiota balanced and healthy.

BETAINE

Molecule derived from sugar beet, it is obtained through an up-cycling process (reuse of processing waste from sugar production), it is a molecule known for its osmoprotein activity (coordinates the water molecules at the level of the epidermis, providing short and long term hydration).

INULIN

Prebiotic sugar with moisturizing action. It favors the recolonization of the skin saprophytic flora. It is also called vitamin B3 or PP, already used in cosmetics for its proven beneficial qualities for the skin. It can be extracted from artichokes, chicory, white truffle and Jerusalem artichoke tubers.

ALPHA GLUCAN

Polysaccharide with immunostimulating activity. Biotech extract obtained from the cell wall of common brewer's yeast, has a healing, anti-radical, anti-aging action. Helps protect the skin from external aggressions, preserving the skin barrier.

LACTOBACILLUS

Lactobacillus casei and Lactobacillus acidophilus bacteria are able to stimulate the secretions of antimicrobial peptides (proteins) such as beta-defensins. They are probiotics that have the property of stimulating the defense mechanisms of the skin.

All The Ingredients

AQUA (WATER), DICAPRYLYL ETHER, GLYCERIN, OLUS OIL (VEGETABLE OIL), NIACINAMIDE, CETEARYL GLUCOSIDE, SORBITAN OLIVATE, ORYZA SATIVA STARCH (ORYZA SATIVA (RICE) STARCH), ORYZA SATIVA BRAN OIL (ORYZA SATAN OIL) , SILICA, SUCROSE STEARATE, SQUALANE, DIPOTASSIUM GLYCYRRHIZATE, ARCTIUM LAPPA ROOT EXTRACT, PANTHENOL, POLYMNIA SONCHIFOLIA ROOT JUICE, ALPHA-GLUCAN OLIGOSACCHARIDE, INULIN, SODIUM PCA ROOT EXTRACT, PANTHENOL, POLYMNIA SONCHIFOLIA ROOT JUICE, ALPHA-GLUCAN OLIGOSACCHARIDE, INULIN, SODIUM PCA ROOT, UREALCENTACY, RADYCENTACATE, RADYCENTACYLE, STEALTHYLOS ALCOHOL, Maltodextrin, XYLITYLGLUCOSIDE, hexylene GLYCOL, hydroxyacetophenone, ALCOHOL, Capryloyl GLYCINE, CAPRYLYL GLYCOL, PARFUM (FRAGRANCE), ACRYLATES / C10-30 ALKYL ACRYLATE CROSSPOLYMER, hydroxyethyl ACRYLATE / SODIUM Acryloyldimethyl taurate COPOLYMER, POLYACRYLATE CROSSPOLYMER-6, Polysorbate 60, SODIUM HYDROXIDE.

How to Use

Apply on clean skin with circular massage, until completely absorbed.

50 ml / 1.69 fl. oz.
