Description

Multifunctional product for eyebrows: With a simple gesture it defines, corrects and fills empty spaces, thickening where it is needed.

It hides any imperfections giving a touch of depth and glamor to the look.

Fragrance-Free, Vegan, Nickel Tested, Dermatologically Tested.

Main Assets

PANTHENOL

Precursor of vitamin B (pro vitamin B5) and is substantially used in processes and treatments for the cellular regeneration of skin, hair and eyelashes.

VITAMIN E

Performs an anti-radical and antioxidant action, participates in the maintenance of the proper functioning of the connective tissues.

SENEGAL GUM ACACIA

Film-forming from the gum of the acacia senegal tree, which gives the lashes greater thickness, repairs and protects them.

XANTHAN GUM

Vegetable gum used as a film-forming agent. It is obtained from the fermentation of carbohydrates with the *Xanthomonas campestris* bacterium, also authorized for use in certified organic cosmetics. It is also called "vegetable collagen", due to its similar action to collagen present in animal tissues.

CARNAUBA WAX

Consistent wax that gives thickness to the eyebrows, protecting and fortifying them from the root.

CANDELILLA WAX

Gives shine to the eyebrows, making them thicker and more resistant.

NYLON FIBERS

Vegan fibers to mechanically fill empty spaces and thicken where needed.
